Axis Claims Successful Attack on Cruisers in Mediterranean

(By Associated Press)
Adolf Hitler's battered invasion armies, reeling in retreat in Russia and North Africa, were reported to have abandoned their Finnish allies today as Soviet dispatches announced huge new gains in the 17-day-old counter-offensive on the central front.

Reports from Helsinki (the Finnish capital) this morning say that all German troops have been withdrawn from Finland in a great hurry, the British radio declared.

The broadcast said Finnish lines had been shattered between Lakes Onega and Ladoga by a Red army drive in the vicinity of the Leningrad-Murmansk railroad.

Capture Derna Airport

On the Libyan desert battlefield, British troops were officially reported to have captured Derna airport, 100 miles northwest of Tobruk. Derna itself was said to be still in Axis hands.

TUNIS, French Tunisia, Dec. 15—(Delayed) —Some 1,000 Italians were reported today to have been rescued along the Tunisian coast from a convoy attacked by the British in which two Italian cruisers, a destroyer and three transports were sunk causing a total of 5,000 Italian victims.

British forces were reported advancing "in all directions" west and north of Mekki, 40 miles below Derna, with the Germans and Italians fleeing in two bodies—one heading toward Derna and the other toward Bengasi on the Gulf of Sirte.

The thrust to Derna airport meant that the British had fought their way approximately 195 miles across the desert from the Egyptian frontier since Nov. 18, when the new campaign was launched with American-made tanks and planes.

A British spokesman said imperial troops had captured Gazala, 40 miles west of Tobruk, on Wednesday morning.

In Axis counter blows, Premier Mussolini's high command asserted that Italian torpedo planes and German flier had hit five British cruisers in the Mediterranean—three in attacks on a major naval formation off the coast of eastern Libya.

The German high command said a Nazi U-boat had sunk one of the five British cruisers, the 7,270-ton Leander class-off the Alexandria, Egypt, naval base.

Spain Deals Axis Blow
While Axis fortunes waned in the winter-frozen land of the Soviets and on the sands of North Africa, a new and important blow to the Rome-Berlin aggressors was obliquely dealt by Spain.

At Least Two Injured In Explosion At TNT Factory

(By Associated Press)
SANDUSKY, Dec. 19.—At least two men were known today to have suffered injuries in an explosion at the TNT-producing Plum Brook ordnance plant six miles south of here.

Austin James, 23, of Oberlin, and Louis Harlan, 31, of Sandusky, were brought to Providence hospital shortly after the blast had sent ambulances racing toward the \$40,000,000 works last night.

James was reported suffering a leg injury, possibly a fracture, and shock. Harlan was treated for burns.

Physicians hastily summoned from neighboring towns were reported by an attendant at Good Samaritan hospital to have treated "several" injured at the hospital on the ordnance grounds.

State highway patrolmen said they were told five men were hurt when an explosion demolished a three-story building on a production line.

A motorist driving toward a church at the edge of the grounds reported the blast made a display like a July 4 celebration. Members of the congregation were huddled in the church basement when he arrived, he said.

DEFENSE COUNCIL
TO MEET TONIGHT

Representatives of various districts will assemble at this evening in the Memorial building for the first meeting of the Northern Columbiana County Defense Council.

In recent weeks, defense councils have been formed in cities, villages and townships. Each of these councils is to be represented at the meeting here this evening to discuss plans for coordinating activities.

The meeting is scheduled for 8 p. m. in the assembly room on the second floor of the Memorial building.

Mrs. Elma C. Filson, 82, of 190 Woodland ave., a life-long resident of Salem, was fatally injured at 7:15 p. m. Thursday when struck by an automobile as she attempted to cross E. State st. near St. Paul's parochial school.

She died at the Central Clinic at 12:45 a. m. as the result of internal injuries and a fractured left leg.

Her death raised the Columbiana county traffic toll for the year to 26. State highway patrolmen were called on five accidents outside the city last night and early today. One man was injured.

In front of Machine

City Solicitor Henry L. Reese, driver of the car which struck Mrs. Filson, told police that he saw the woman standing on the curb and that the next instant she was in front of his machine. Although driving at a moderate rate of speed, the driver was unable to avoid hitting her police said.

Born near Salem Aug. 10, 1859, the daughter of Thomas and Susanna White Farmer, she had spent all of her life in this vicinity. She was a life-long member of the Christian church, was active in the war veterans programs and belonged to the Maccabees lodge.

Surviving are two sons, Rev. Charles N. Filson of Toledo, Emmett O. of Youngstown and a sister, Mrs. Eva Brown of Salem.

The funeral service will be held at 2:30 p. m. Sunday at the Stark Memorial in charge of Rev. C. F. Evans. Burial will be in Grandview cemetery.

Friends may call at the Memorial Saturday afternoon and evening.

Coordination of Economic and Military Resources To Combat German, Italian and Japanese Around The World, Likely Topic

(By The Associated Press)
WASHINGTON, Dec. 19.—The United States, Great Britain and Russia are expected to take leading parts in a conference of anti-Axis powers to be convened in Washington in the immediate future, it was learned authoritatively today.

The participating nations presumably would attempt to coordinate all their military and economic resources to combat German, Japanese, and Italian aggression on fronts which extend around the world.

Diplomatic discussions already under way, it was learned, are designed to clear the way for the proposed conference by reaching preliminary agreements on the most urgent problems which require close collaboration on unified action between the nations.

The state department has made no announcement of the impending conference.

One reliable source reported, however, that while the United States, Great Britain, and Soviet Russia had taken the lead in planning the conference, all nations with independent forces fighting against the Axis—particularly in the Pacific—would probably take part in all deliberations.

China has valiantly resisted Japanese aggression for more than four years, and The Netherlands and the British dominions now are defending strategic outposts in the South Pacific.

The date for the conference has not been set, but in view of the urgency of the situation it is expected that preliminary sessions will be held in January.

Seek Heaviest Striking Power
The spokesmen for the anti-Axis nations, it was learned, will thoroughly explore major questions of their military, economic, and political strength to provide the most powerful striking power against the Axis in whatever war theater it would be most effective.

Maxim Litvinoff, the Soviet's newly arrived ambassador, hinted at the general strategy of the anti-Axis powers when he declared that around the world there were now "separate sectors of one great battlefield."

While the world-wide scale of Axis aggression will make it necessary for the conference to consider world-wide strategy it is expected that—in view of the immediate threat from Japanese attacks in the Pacific—the Oriental theater of war will play a major role in the deliberations.

The Soviet—not at war with Japan—has not engaged in any fighting in the Pacific sector, but Litvinoff made the Soviet Union's position clear when he described Japan as the "common enemy" belonging to "the same bunch of Axis gangsters."

FARM BUREAU MEETS
FOR ORGANIZATION

LISBON, Dec. 19.—Members of the County farm bureau were in attendance at the annual meeting of the organization in the American Legion home here today, presided over by R. B. Halverstadt, president.

The session opened at 10 a. m. with the morning devoted to reports by A. E. Bailey, co-op manager; G. V. Weinstein, insurance manager; Ralph Varian, state trustee; and President Halverstadt, delegate to the annual state meeting.

Short talks were given by Miss Erma Ramseyer and Assistant Agent John Strausbaugh of the farm extension office.

The afternoon session was to feature an address by Rev. Carl W. Bornthum pastor of St. Jacob's Reformed church, and extension reports by County Agent Floyd Lowry and a legislative report by Paul Palmer.

POSTOFFICE OPEN
UNTIL 6 SATURDAY

The Salem postoffice again will remain open until 6 p. m. Saturday to accommodate persons mailing gift parcels and letters.

Meanwhile, the postmaster, A. E. Beardmore, advised the public to mail packages and Christmas greetings as soon as possible to avoid getting jammed in the last-minute rush of mail which is expected to be unusually heavy this year.

Already thousands of greeting cards and letters are being received and sent from the local postoffice. Extra clerks are at work in the postoffice to help the regular employees in sorting and distributing the mail. Extra carriers will be put into service next week.

Six years ago, two boyhood chums in Bratislava, Czechoslovakia, hid each other farwell as one left to join the Hungarian army. The other left for America about a year and a half ago to escape Nazi persecution. Ignorant of each other's whereabouts until recently, Pts. When men are fighting and dying, you must do YOUR part. Be sure you enlist your DOLLARS for DEFENSE. Back our armed forces—and protect your own life—with every single dollar and dime you can.

This appeal was sounded today by the Junior Chamber of Commerce, who announced that the "Bonds for a Bomber" drive would continue until the \$180,000 goal has been attained.

Sales of defense stamps and bonds yesterday totaled \$6,900 to bring the amount raised to date to \$41,900.

America must have a steady flow of money pouring in every day to help beat back our enemies.

Put dimes into Defense Stamps. And put Dollars into Bonds, they urge. Buy now. Buy every pay day. Buy as often as you can.

Japan Lands Heavy Forces On Island; Defenders' Position Grave

(By Associated Press)

LONDON, Dec. 19.—The Japanese have landed in considerable force on the island of Hongkong but according to the latest information at 10:45 p. m. Hongkong time (9:45 a. m. E. S. T.), the British garrison is still holding part of the colony.

There was heavy fighting and the British position was admittedly grave.

Hongkong island is the most strategic part of the British crown colony of the same name whose naval installations make it second only to Singapore as a bastion of British sea power in the Far East.

The Japanese already have occupied the mainland portion of the colony, operating from long-occupied territory on the South China coast.

"Heavy fighting is going on and the position is serious," said a British source.

SNEAK ATTACK

Tell, Middies Half Hour's Warning Would Have Made Difference

(By Associated Press)

ANNAPOLIS, Md., Dec. 19.—Secretary Knox, asserting that 30 minutes warning of the Japanese attack on Pearl harbor would have made "all the difference in the world," disclosed today that the third and final wave of enemy bombers met such a devastating barrage that it turned away without hitting a single objective.

The navy secretary, speaker at graduation exercises for the naval academy's class of 1942, said Japan's assault on the great Pacific naval base was a "damning account of infamous treachery" such as "was never recorded in the history of the world."

"There is no question at all, in the light of what transpired," he said, "that half an hour's warning of the approach of the Japanese planes would have made all the difference in the world."

Assault Divided
"I say this with considerable confidence because that assault was divided into three attacks. The third assault came two hours after the first one. With all of the resources that were left, we were ready, and that attack never got home."

"It encountered, as it approached Pearl harbor, such a barrage from every gun and every ship that the enemy planes had to sheer off, and not a single torpedo hit its mark."

(By Associated Press)

WASHINGTON, Dec. 19.—A joint senate-house conference committee agreed today to make all men from 20 through 44 years old subject to compulsory military training and to require the registration of men from 18 through 64.

(By Associated Press)

WASHINGTON, Dec. 19.—A joint senate-house conference committee working on selective service legislation broke up this morning in what Senator Reynolds (D-NC) described as "complete disagreement" on the minimum age at which men would be inducted into the armed forces.

Announcing that the group would meet again this afternoon, Reynolds said that house members refused to yield on that body's vote to make men from 21 through 44 subject to active service.

The senate voted yesterday to fix the induction ages from 19 through 44 and Reynolds said he and his colleagues were not disposed to yield on that point. Both senate and house bills call for the registration of all men from 18 through 64.

Administration leaders were encouraging the compromise proposal.

Agree On Upper Age

Both chambers agreed to expand the present upper age limit for military service to take in men through 44 years, rather than through 35.

Although the senate voted three items to keep the minimum age of 19, as recommended by army and selective service officials, one senate conferee said there was no doubt he and his colleagues would accept a compromise fixing the limit at 20 years.

Similarly, house conferees reportedly have been urged by leaders to accede to the compromise in the interest of speeding final enactment of the measure.

Brig. Gen. Lewis B. Hershey, selective service director, has said that final passage would be the signal for prompt enrollment of men in the under-21 bracket and those from 35 through 44.

The senate approved the legislation by a vote of 79 to 2 yesterday after six hours of debate, with only Senators Downey (D-Calif.) and Johnson (R-Calif.) opposing it on the final roll call.

Red Cross To Offer
First Aid Training

In cooperation with the Civilian Defense council, the Salem Red Cross will offer courses in first aid training. Chairman E. S. Dawson announced today.

Instruction in first aid will be given by several doctors of the city, assisted by Miss Nell Lewis, Red Cross nurse.

The courses will be given under the general supervision of the nursing committee of Salem chapter: Mrs. J. B. Atchison, chairman; Mrs. R. D. Walter, Mrs. G. W. McKee, Dr. R. J. Starbuck and E. S. Kerr.

Classes will be held in Salem High school, with separate classes for men and women. These will be started early in January.

Anyone wishing to enroll should notify the Red Cross at the Memorial building quarters. Dawson today urged enrollment as soon as possible so classes may be organized for the opening instructions early in January.

It is understood doctors in surrounding towns will offer their services to first aid classes which may be organized soon.

BALANCE WHEELS

There is one aspect of civilian defense calling for a negative, instead of a positive, approach—one thing that shouldn't be done.

When all necessary precautions have been taken, nothing should be allowed to disturb unduly the ordinary activities that have the effect of balance wheels.

Those British golfers who played around bomb craters and dodged shell splinters, and those British movie audiences that went early so they could be home before the night bombers came over weren't being whimsical or frivolous; they were keeping their mental balance.

The Russians, who also seem to have done a good job of maintaining civilian morale under extreme trials, went out of their way to continue entertainment projects in Moscow when it was under siege. The purpose was, of course, to keep from upsetting the population with signs of extremism.

America's first impulse after the outbreak of belligerency was to make a clean break with peacetime and go over completely to war organization. The policy is sound, but it should be applied in conformance with what has been established as the necessity for maintaining civilian balance. This is not a matter of business as usual, but a matter of preserving as many as possible for the things that have helped civilian morale elsewhere.

Part of the country's potential strength as a war power is the stability of its people. They are capable of taking the war in their stride. They will resent anything that smacks of hysteria and unwarranted interference with routines that are related to the war effort only in the sense that they help to sustain the vitality and confidence of the people.

ON ALL FRONTS

The dream of winning the world's heavyweight championship with the sucker punch dies hard. That must be the thought in some German minds at the close of 1941, with the supposedly invincible Nazi hordes backtracking out of Russia and making a last stand in Libya. There must be Italians, too, who remember how this was going to be a short, merry war with lots of loot and clean fun. And soon there will be Japanese despondently aware that a long war of attrition and suffering against the occidental powers has been added to the stalemate with China.

On all fronts, the Axis powers are facing disappointment. They have performed none of the miracles that they promised their populations. Instead, they have roused against them the wrath of the nations capable of harming them and brought into being the mightiest combination of economic and military power ever assembled. There is this significant thing, moreover, about the anti-Axis powers.

Not one of them has held out promise of anything but a long war. The United States is preparing to reach the peak of its production late next year and to exert its maximum military influence in 1943. Great Britain still is preoccupied with the problem of assembling its resources; it has not had the time or inclination to think about ending the war. The Russians, after having lost much of their industrial capacity to the German invaders, were building a new system of factories behind the Urals when the Germans began to retreat.

When the war has been lost by the Axis powers and the record of their ghastly mistake is being compiled, no single detail will be more interesting than the means employed by Adolf Hitler to persuade his accomplices that the thing could be done with one quick blow—the same thing Germany tried to do in 1914.

AS TO CENSORSHIP

There is a sort of conditioned reflex that makes Americans bristle at the sound of the word "censorship," even when no offense can be taken. It simply means that their experience as a free people warns them against one of the commonest forms of authoritarianism.

However, censorship may be of more than one kind. While no American can be expected to get enthusiastic about any kind of censorship, all clear-headed Americans cheerfully grant that a particular kind of censorship is necessary in wartime. That's the kind everybody hopes the country is going to get under the new setup headed by Byron Price. Newspapersmen who have known Mr. Price as a member of the Washington press corps are confident it's the kind he prefers to enforce.

Information of importance to the enemy must be bottled up. No one has any quarrel on that point. If the United States government has enough collective wisdom to distinguish between bottling up information of importance to the enemy and bottling up information of importance to its own people, censorship will work fine. If it doesn't have that much wisdom, it will have to acquire it, the way the British acquired it—because the people wouldn't tolerate anything else.

Mr. Price can count on 100 percent cooperation in anything he attempts unless the persons whose confidence he needs to have begin to smell mice. In other words, the toughest part of his job will be to keep everything that isn't a legitimate war secret wide open to public view. That's censorship, American style.

SCORE ONE FOR NATIONAL UNITY

President Roosevelt's appointment of a board of experts to be presided over by Supreme Court Justice Roberts to handle the Pearl Harbor inquiry is exactly the way the job should be done. At one stroke, the investigation has been lifted above the level of a congressional inquiry, which certainly is too low for a matter of this importance.

Some congressmen apparently were itching to

make a scapegoat of Navy Secretary Knox. His prompt action in the matter left them high and dry. He went to see for himself what had happened and delivered a full report on his return to Washington. In doing this he undoubtedly had the support of Mr. Roosevelt, who could have put his navy secretary in a tight corner had he wanted to by shifting responsibility and leaving him to the untended mercy of a congressional committee that might have been loaded with Democrats more interested in Mr. Knox's Republican affiliation than in the facts of the case.

National unity has been a fine talking point. For once, it also has been made a fine acting point. Congratulations are in order all the way round.

THE STARS SAY:

For Saturday, December 20

UNUSUAL excitement, commotion or stress in all departments of life make the events of this day unpredictable. All the forces and faculties may be under high stimuli and may incline to reckless, impulsive and inflammatory behavior, which may lead to dire consequences. Under control this heightened energy may be diverted and concentrated into decidedly constructive channels, with surprising benefits and achievements. Superiors, elders as well as strangers may be actively interested in promoting such worthy causes.

Those whose birthday it is may anticipate an unusually lively and exciting year with much stress and commotion. This may be manifest in false moves through impetuous, passionate, belligerent and reckless tendencies when precaution, calmness and well-directed methods might have a very decisive influence on the future life and its destiny.

A child born on this day should have great talent, energy and creative ability, to an exceptional or unique degree but the best results may be negated by rash, impetuous and passionate conduct. Excellent rewards should come from vigilance, self-control and concentrated effort.

By LOGAN CLENDENING, M. D.
I am in receipt of the following letter from the wife of a doctor: "We are the parents of twins, male and female, now nine months old. They have by no means been pampered or spoiled, but my husband made it clear to me from the start that although every child

Dr. Clendening will answer questions of general interest only, and then only through his column.

will, in the course of time, catch his share of infectious diseases, one should try to guard them from possible sources of infection until they are better able to cope with them. Incidentally, he holds out for this concerning all babies, not just his own.

"We do not take them with us to stores, theatres, parties, or any crowds. Even so we meet people in the house or in the park and there is the rub. The majority of complete strangers will not only come very close and talk to the babies, they will insist on tickling their chins and feet and holding their hands."

"Most people will give in if one refuses to let them hold a baby just for a moment, but they will be deeply offended if one asks them please not to touch the children. I hate to be rude, but I also hate to unnecessarily expose my children to everything from colds to measles."

"Do you think, Dr. Clendening, that we are unjustified in our wish to keep strange hands from our young babies, let's say up to the time when they can walk alone?"

Parents Right

This is a very human problem which no one can solve by issuing ukases, or giving advice, or passing laws. Of course, the parents are right in this instance; the babies should be protected from unnecessary contamination and infection. The fact that they are twins makes it even harder than in the case of a single baby. Human beings just don't seem to be able to keep their hands off twins.

It probably won't do any good, but I think it is worth saying any way, "Will nice old gentlemen in parks who probably have ten billion more kinds of germs than a little baby ever came anywhere near having please be kind enough not to tickle babies under the chin?"

The thing goes even further than this, which is the thoughtlessness that people in general have about sickness. As soon as the wife of your next door neighbor is ill, half the people in the neighborhood can hardly resist sending her flowers and going over and sitting all afternoon and breathing in her face. It is just possible that she went to the hospital in order to get away from that.

Most of this tickling babies under the chin in parks and going to see your sick friends is a form of exhibitionism anyway.

This article probably won't do any good, but I feel like writing it.

QUESTIONS AND ANSWERS

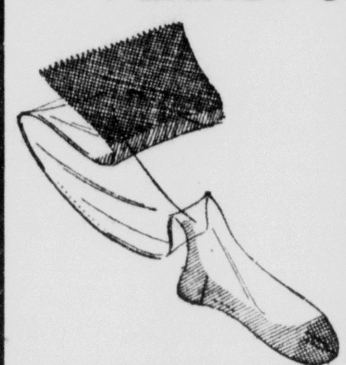

D. M. F.—If a patient had diabetes last fall and took insulin for eleven days and cleared of sugar, and has not taken it since, and now has an abscess on the foot which is healing slowly, would it be all right to eat cherries, pears, parsnips, plums and raisins?

Answer: Your patient has the worst complication of diabetes—complete ignorance of the disease. If the patient had diabetes last fall he or she still has it; the slowly healing abscess on the foot shows that. Insulin will not cure a case of diabetes in eleven days. Of course, it clears the sugar, but that doesn't mean the diabetes is

gone. Insulin must be kept up indefinitely. The articles of diet which you mention are about the worst articles for a diabetic to eat.

"STOP THE TANKS!" GEN. DRUM DOES IT

First Army Commander's
New Attackers Score In
Maneuvers

ATLANTA, Ga., Dec. 23.—Stop the tanks. That has been the battle cry since Germany launched its blitzkrieg style of warfare on Europe. The U. S. Army is convinced that they can be stopped by recently developed "tank attacker" units.

Lieut. Gen. Hugh A. Drum, First Army commander, must be credited with this latest innovation. He put them into action for the first time in the recent maneuvers of the First army in the Carolinas.

Lieut. Gen. Lesley J. McNair, director of army general headquarters, thinks that if Drum's tank attackers can be coupled with the new GHQ anti-tank groups and welded into a highly mobile, hard-smashing unit, the tank can be fought on even terms.

As late as October of this year when First army maneuvers began there had been no system by which the army could stop roaring tank monsters. Army officials knew that something had to be done soon but they did not realize that only a few days following close of the field maneuvers, America would be at war.

First Successful Defense

During the earlier maneuvers held throughout the United States this year, new systems were tried as tank stoppers but none of them proved successful. Only in the Louisiana maneuvers did officers find a ray of hope with the newly organized GHQ anti-tank groups.

During First army maneuvers in the Carolinas in October and November, General Drum took a handful of infantry, a flight of planes, a small group of tanks, mechanized cavalry, outmoded artillery units, coast artillery and a group of specialists, mixed these men with 37 mm. anti-tank guns and 75 mm. artillery field pieces and brought forth his "tank attackers."

Throughout two weeks of intensive field training between the First army and the Fourth corps of the Third army with the attached first armored corps, these "tank attackers" received exhaustive tests.

Tanks Stopped Cold

Again and again the maneuver-wise and tank-filled 1st and 2nd armored divisions threw themselves against the large infantry divisions of the First army. Each time umpires ruled that the tank attacker groups had thrown back or stopped the tanks. The mobility and fire power of these newly-created units proved equal to the armored onslaught.

General Drum said that his new tank fighters will undergo slight revisions based on experiences gained in the maneuvers but that the answer to tank warfare has been found.

General McNair, who acted as the ranking "neutral" during the GHQ maneuvers both in Louisiana and the Carolinas, agreed that the tank attacker groups were highly successful and suggested a compromise organization embodying the best points of the GHQ anti-tank groups and Drum's tank attackers.

Mobile 75's, which won fame during the first World War as the "nuts" of these new tank killing units. Mounted in the back of speedy half-tractor trucks, their muzzles pointed forward, these guns could be fired while advancing. If France had had their 75's mounted instead of having to pull them around, officers believe the German drive over that country might have been a different story.

Many armored unit officers still believe, however, that the best answer to tank attacks is more tanks. The tank attacker group believes that if given a half-track with a mounted 75 for each tank backed up by the regular anti-tank defenses in divisions, they can stop tank offensives with critical losses for the enemy.

The army of the United States will have between six and eight of these armored divisions in action by February and the suggestion that this number be expanded five times is being studied.

The first successful heavier-than-air flight was made by Wilbur Wright on Dec. 17, 1903.

Jap Envoy Ready to Go

Kichisaburo Nomura, the Japanese ambassador who accompanied Special Envoy Saburo Kurosu to the state department for a "peace" conference with Secretary of State Cordell Hull the same moment Japanese bombers were attacking Hawaii, is pictured above leaving the Japanese embassy for the first time since that Sunday, Dec. 7. Nomura called on the Swiss minister in Washington to discuss exchange of diplomatic staffs between the United States and Japan.

Today's Pattern

TINY DIRNDL JUMPER ENSEMBLE
Pattern 4903

Is she a "problem child" as far as clothes are concerned, and hard to keep neat? Then make her this cute jumper ensemble by Anne Adams, Pattern 4903, with several extra blouses you can change readily. The jumper has a dirndl air, due to the gathered skirt, and it buttons down the back. Applique on the waistband strikes a colorful note; or the waistband may be of a contrasting shade, and the little blouse in still another, for a tri-color effect. Choose either long or short sleeves, and let the Sewing Instructor help you with details like the applique from the transfer motif.

Pattern 4903 is available in children's sizes 2, 4, 6, 8 and 10. Size 3, jumper, takes 1 1/2 yards 35 inch fabric and short sleeve blouse 1/2 yard contrast; jumper, 1 yard 34 inch fabric and 1/2 yard contrast and long sleeve blouse, 3/4 yard 34 inch fabric.

Send FIFTEEN CENTS (15c) in coin for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER.

Are you too tall? Too short? Too plump? Too slim? If you are irregularly proportioned in any way, let the ANNE ADAMS PERFECT FOUNDATION PATTERN 4745 take the guess-work out of dressmaking. Adjust this "basic figure" tissue pattern to your measurements; then cut it out in muslin and fit it exactly for a permanent record. Pin your dress patterns to it, make the necessary changes, and the finished frock will fit with perfection. Designed for sizes 12 to 20; 36 to 50. Size 16 requires 2 1/2 yards 35 inch fabric. Price 15c.

RED SHIP FACING BIG ASSIGNMENT

Ice-Breaker Will Tackle
Perilous Duties In
Frozen Seas

SEATTLE, Wash. — Faced with the necessity of breaking a trail through the frozen seas of the far north so American aid can be dispatched to Soviet armies via the "roof of the world," the 322-foot Russian ice-breaker Krasin is undergoing repairs here.

The Krasin is one of the largest ships of its type in the world, and its hull resembles that of a submarine. Driven by 10,000 horsepower, it is particularly adapted for the grueling task.

Under the command of Capt. M. Markov, the Krasin next spring must open a trail via the Bering sea, the Arctic ocean and into the White sea as far as Murmansk and Archangel. In 1922 the Krasin, with Markov in command, was the first to negotiate this perilous route.

Difficult Task

Ice-breaking in winter is a difficult task, even for a vessel the size of the Krasin, the captain explained, because ice closes astern almost instantly after the vessel's passage. No cargo ship could follow.

In the spring, however, the "trail" will last days, then weeks, providing a vital supply line to the Soviet.

The route covers 10,000 miles entirely unhampered — to date — by enemy vessels.

Markov was decorated by the Soviet government in 1934 for his heroism in command of the Chelmsky, an ice-breaker type of cargo vessel, when it foundered and was crushed in ice north of Siberia. Since then not a ship has been lost along the route.

The Krasin's rounded sides and

blunt bows enable it to rise on top of ice when the floes close close in. Otherwise, the gigantic pressure of the floes would crush the vessel. By a rolling process, achieved with filling tanks on either side of the ship, the Krasin can break through ice with its keel.

The Krasin's 10,000 horsepower is more than that of a giant ocean steamer.

Markov does not fear possible Japanese intervention in the north Pacific.

No Fear of Japs

"Japan is too weak to hinder our operations," he said. "We can hide in the ice, if nothing else, and there isn't a Japanese commander afloat who would dare to follow us. The ice is our friend."

Likewise, Russia does not fear enemy intervention in the White sea, Markov said, adding:

"There are 42 ice-breakers working the White sea. No enemy can follow us in, because they have no ice-breakers."

LONDON—Some telephone supervisors spend their days making written record from a central listening post of all that girl operators have to say to one another. One recorded: "Adjacent telephonist offered telephonist peppermint. Telephonist accepted and ate." These reports lead to disciplinary action against the girls.

LISBON CHILDREN AWAIT YULE TREATS

LISBON, Dec. 19.—With the Lisbon schools recessed for the Christmas vacation next week, children of the community will be merrily entertained, first with a party sponsored by the Youth association on Tuesday evening, and then with the annual Kivans show and candy treat on Wednesday morning.

The youth association party under the direction of Supervisor

Richard Amos and his assistants will be held in the American Legion home Tuesday evening from 6:30 to 8:30. A program of games is being arranged and Christmas carols will be sung.

The annual Kiwanis treat will be given the children Wednesday morning, when, through the courtesy of the management of the Manos theater, a two-hour showing of comedy shorts appropriate for children will be given free. Each child will be presented with a box of candy.

ALBUQUERQUE, N. M.—Police officers walking along an Albuquerque street were amazed when Sam Lee, 21-year-old Indian, fell to the sidewalk in front of them from a third story window. They helped him to his feet, found him unhurt and accompanied him to his hotel room. Lee entered the room and promptly started a fight with two friends there. Police said the trio had been drinking.

LOVELAND, Colo. — When the Philo Club started its annual drive for charity funds its members decided to elect the town's most beautiful man at the same time. Town-folk paid a penny for each vote they cast for their favorite "prince of pulchritude." All money went to charity.

SYDNEY, N. S. W.—The army had no uniform big enough to fit Les McNabb, 294-pound boxer, when he went into camp as a universal trainee. Before he entered camp, authorities told him that until a special uniform including a hat, had been made for him, he would have to wear civilian clothes.

CAMP IS PLANNED AT CHILLICOTHE

CHILLICOTHE, Dec. 19.—Ohio congressmen advised local officials today that the war department had selected the Chillicothe area for construction of a new army training camp when funds are allocated.
Sen. Harold H. Burton (R-Ohio) telegraphed Mayor Harold H. Brown from Washington that Chillicothe was one of five areas to be given preference "when additional camps are to be constructed and funds become available" for acquisition of property.

"The war department announces that the locations have been chosen in order that interested army agencies can perfect plans for the camps should it later on become necessary to increase the strength of our armed forces," Burton wired.

Rep. Harold K. Claypool (D-Ohio) said he had been advised that the other camps selected were Rolan Springs, Ga., Blisstown, Ill., Gaines, Texas, and Centerville, Miss.

SERVICE RELEASES SUSPENDED BY U. S.

Salem draft board officials today received word from national headquarters in Washington that the war department has issued orders that release of officers and enlisted men from all components of the Army, from active service, are suspended except for incompetency and physical disability.

State selective service headquarters pointed out that this would affect a large number of cases that are now in the process of investigation, wherein the soldier requested discharge or transfer to the enlisted reserve on the basis of dependency and necessity in industry. Since the selective service system has no authority over discharge of transfer of men in the army, any questions concerning proposed discharge should be taken up with the adjutant general of the army, and not with the selective service system. It is explained.

JUGGLE FIGURES TO PAY COUNTY FORCE

LISBON, Dec. 19.—Columbiana county commissioners went through a series of figure juggling antics today, transferring 62 men to various units, totaling \$12,543.18, to the commissioners' unanticipated emergency fund to ease the county's financial worries for the time being.

Allocations from that fund will bolster depleted funds of certain departments, including Dec. 15 payrolls of the offices of the clerk of courts, treasurer and probate court. However, the Dec. 31 payroll of these departments is yet to be met.

The officers are: President, Mrs. Lowell Mounitz; vice president, Mrs. Willard Cope; recording secretary, Mrs. Ruth Odom; treasurer, Mrs. Eldon Whinnery; corresponding secretary, Mrs. Howard Morgan; secretary of supplies, Mrs. Lloyd Lewton; secretary of young women and girls, Miss Ethel Anderson; secretary of spiritual living, Mrs. Earl Ruble; secretary of missions, Mrs. Donald Dusenberry; secretary of literature, Mrs. L. S. Cope; secretary of social relations, Mrs. Arthur Loudon.

After a coverish dinner and the business session, the group enjoyed a gift exchange and the following program.

Solo, Mrs. Clyde Bennett; readings, Mrs. Richard Stamp. Carols sung by entire group.
Mrs. Frank Fultz reviewed a chapter from the study book, "Christian Roots of Democracy in America."

The January meeting will be with Mrs. Frank Fultz at which time the new officers will be installed.
Guests of Mrs. Steer, Mrs. Irene Smith of Whittier, Ia., who is spending the winter with her son, Sheldon, at Middleton, and Mrs. Sheldon Smith were guests Wednesday of Mrs. Hanna Steer. Mrs. Beulah Edgerton spent a day recently with her daughter, Mrs. Edgar McGrew.

PHILLIPS CHURCH TO HAVE PROGRAM

The annual Christmas program at the Phillips Church of Christ, south of Salem, will be held at 8 p. m. Sunday. Anyone interested may attend.

The entertainment will include: Song, "It Came Upon the Midnight Clear"; choir; recitation, "Little Jack Horner"; Jeanne Hopley; guitar solo, Donald Huston; recitation, "Little Pine"; Florence Chester; vocal duet, "While Shepherds Watched Their Flocks by Night"; Marjorie and Virginia McCarty.

Recitation, "Why Do Bells Ring at Christmas Time"; Alice Tolp; recitation, "Being Santa Claus"; Betty Asty.

Vocal duet, "Star of the East"; Clara and Luther Stewart; sketch, "Making Out Our Christmas List"; Mrs. Clarence Votaw, Alreda, Leta Fae and Ruth Votaw; song, "O Little Town of Bethlehem"; choir. Remarks, Rev. H. L. Miller, pastor; short play, "The Birth of Christ"; Gladys Vincent, Lee and Dean Vincent, Ralph Huston, Samuel Hilliard, Mrs. Clara Hopley and choir.

Program Is Presented At Perry Grange Party

A gift exchange and refreshments followed the program at Perry Grange meeting Wednesday night. Plans were completed for the installation of officers of subordinate and juvenile granges on New Year's day.

The program included Hawaiian guitar solos, Tyrus Swartz; roll call, "Memories of Christmas"; vocal duet, "Star of the East"; Luther and Clara Stewart.

At the juvenile meeting a Christmas story was read by Mrs. Ralph Huston, matron, and a Santa Claus distributed gifts and candy. Plans were made to fill a Christmas basket for a needy family on Monday.

Rob Loan Company

KENTON, Dec. 19.—Two youths robbed the Kenton Home Savings and Loan Co. of \$888 after forcing Mary Walker and Mae Laubis, employees, into a rear room.

WARRENSBURG, Mo. — Attention, trappers! Here is a new idea for trap bait. Young C. H. Smith, Jr., saw an opossum wandering around town. He bought a can of sardines, baited a trap with one of the fish and caught the animal.

DOUGLAS, Ga. — Folks around these parts all know the Burch twins, Spencer and Archibald. They are identical twins and they will celebrate their 81st birthday soon. Neighbors say they can't tell one from the other.

world-wide alignment of the democracies against the dictators, the Spanish government announced that Spain would maintain her position of non-belligerency.

In effect, this means that Spain has flatly rejected pressure for the passage of German troops through Spain for an attack on Gibraltar and a short-cut to seizure of North and West African bases.

Meanwhile, Portugal's position in the conflict awaited clarification as rumors circulated in Lisbon that Britain had twice in recent weeks demanded the Azores from Portugal. Dispatches from Bern, Switzerland, indicated that newspapers in both Germany and Italy were drumming up propaganda to swing Portugal into the Axis camp, with the Nazi-Fascist press expressing alarm lest the allied seizure of Portuguese Timor in the south Pacific be followed by anti-Axis occupation of the Azores and Cape Verde islands in the Atlantic.

Awaits Portugal's Move

The Berlin correspondent of the Swiss newspaper, La Suisse, said Germany was anxiously awaiting Portugal's attitude on the Timor move for its bearing on the situation of the Atlantic islands.

On the Russian war front, Soviet dispatches said that the Red armies had reached the approaches of Buzza, 50 miles due west of Moscow, and that "the rate of our offensive is growing noticeable."

The Russians reported heavy blows were being struck at German rearward communications to disorganize Hitler's already headlong retreat from Moscow.

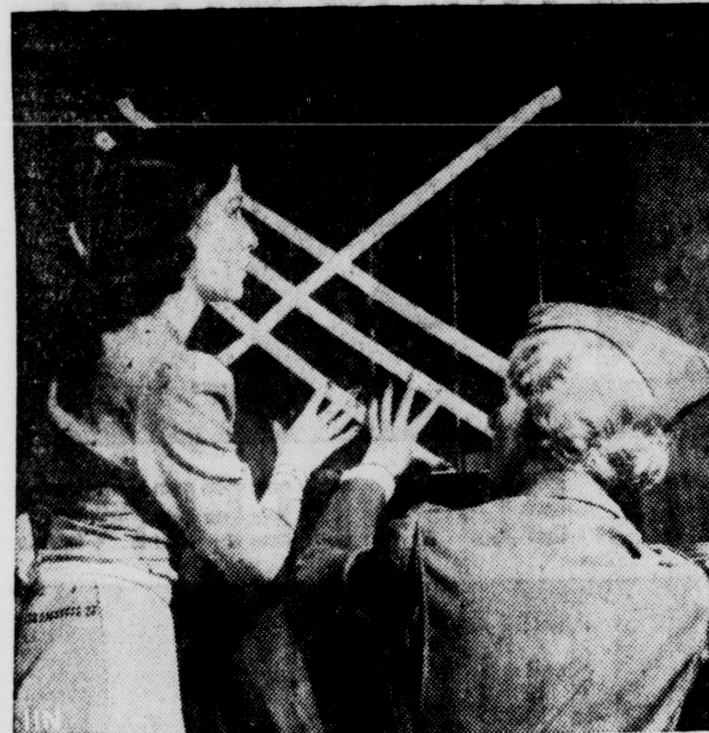

Trains, trucks and buses were subjected to the pounding and the Soviet information bureau announced the destruction by Red aviation Dec. 17 of about 750 trucks loaded with troops and supplies, and a number of buses, while 10 trains were reported set on fire and upwards of 6,000 men annihilated or dispersed.

Soviet ground forces, furthermore, were said in Moscow to have destroyed 109 German trucks, an ammunition dump and a military supply depot on a single day on the Moscow front.

Altogether, said the communist party newspaper Pravda, the Russians recaptured 138 more villages on the central front.

The military expert of Hitler's own newspaper, Volkischer Beobachter, a Lieut. Col. Soldan, was quoted by a Swiss press as admitting that the Russian soldiers equalled—and even surpassed in some cases—the Germans. Soldan said Germany had underrated the Russian army, economy and war industries, the Swiss dispatch added.

If an Air Raid Comes—

Preparing for possible enemy air attack, New Yorkers are looking to their home defense, including precautionary measures against building destruction. Here a housewife and an instructor of the American Women's Volunteer Service tape up a window to prevent wounds from flying shivers of glass should an air raid come.

or did the slightest damage to our ships or to our equipment ashore."

On the other hand, he told the midshipmen, "we ought to have been on our guard against treachery. If we had studied Japan's record in a similar manner, they descended upon the Russian fleet at a moment when those two nations were still at peace and destroyed that fleet without warning. If we had studied that and remembered that, we would not have been surprised."

Served Useful Purpose
But the attack did a useful purpose, he continued, because it drove home "with frightful force upon the minds of our military leaders the importance of guarding against surprise, the importance of never underestimating the boldness and resourcefulness of the enemy. And upon the civilian population it drove home with a sense of horror the treachery of the foe we have to defeat."

"This gave us what we must have and now go have—a completely unlimited country for the prosecution of a war to a successful conclusion."

mile south of Deerfield, at 4 a. m. today, state highway patrolmen said. He was treated at the scene for first degree burns.

The flames, which the driver attempted to extinguish, destroyed the truck.

No one was injured, the patrol said, when a car operated by Edgar Holloway, 19, of R. D. 4, Lisbon, hit the rear of a machine driven by Mrs. Thelma M. Leach, 24, of Leetonia, on Route 14, a half mile east of Salem at 8:45 p. m. yesterday. Frank Bessie, 27, of Canton, was uninjured when his automobile struck a pole on Route 164, near Lisbon, after he was blinded by the lights of an approaching car.

George Egner, 22, of Alliance, also escaped injury when his car skidded into a pole on Route 62, three miles east of Alliance, at 1:15 a. m. today, the patrol reported.

Autos driven by Henry Steitz, 23, of R. D. 1, Lisbon, and John P. Baker, 71, of Berea, Ky., died of his injuries.

Blast Wrecks N. J. Oil Plant

Here is a general view of the wreckage at the Spencer, Kellogg and Sons Oil Company refining plant in Edgewater, N. J., where a mysterious blast tore through the building, killing one employee and severely injuring another. The factory which refines linseed, coconut and castor oils has contracts for war materials. An investigation of the explosion is being made by the FBI and Naval Intelligence. Damage to the plant is estimated at about \$100,000.

Mullins Boosters Enjoy Yule Party, Exchange Gifts

The annual Christmas party of the Mullins Booster club last night at the Knotty Pine room at the hotel was preceded by a turkey and steak dinner, attended by members.

The room was decorated with evergreen and with a lighted Christmas tree as a feature. The decorated table held sprays of pine and miniature trees and Santa Claus figures made of apples and marshmallows. The centerpiece was a snow scene in miniature, with a tiny log cabin and two skiers. Favors for each girl were fruits shaped into faces and clever place-cards were verses, written for each person.

Gifts were exchanged and an informal program followed, including a song by Betty Lewis, Jane Tinsley, Sara Wanner and Evelyn Crawford; a recitation by Henrietta Tucker and a piano number by Elizabeth Smith.

Christmas carols were sung by the group. During the business meeting a resume of the club's charity work for the year was given. Mrs. Tom Needles, retiring president, was in charge of the meeting.

New officers who will begin their work in January are: President, Miss Katherine Kaiser; vice president, Miss Sara Wanner; secretary-treasurer, Miss Kathleen Mullin. Retiring vice president is Miss Wilhelmina Prasco, and secretary-treasurer, Miss Ruth Pettit.

The committee in charge included: Mrs. Earl Deville, Mrs. James V. Fisher, Mrs. Fred Munsell, Mrs. Catherine McCloskey, Miss Katherine Hagan, Miss Mary Elizabeth O'Neill, Mrs. John Burke, Miss Mary Deville, Miss Jean Munsell and Miss Margaret Entrikin.

Mrs. Frank Schmidt was in charge of the following program: "Jingle Bells," children's chorus; song, "We Wish You a Merry Christmas," Rose Marie Hunt; "Song to Santa Claus," Joann and Buster Probert and Joe Culbertson; poem, Joseph Hagan; piano duet, "Les Sylphes," Mary Catherine and William Scott; song, "Daisies," Charles Schmidt; song, "Tonight We Love," Patricia Loutzenhiser; piano solo, "The Blackhawk Waltz," Theresa Kelly; piano solo, "O Come, All Ye Faithful," Mary Steffel; piano solo, "Aragoniaise," Frank Schmidt; "God Bless America," sung by the group.

Mrs. Filson Camp Hostess

Mrs. Filson Camp was hostess at her home on the Depot rd. Thursday afternoon at a covered dinner and Christmas party for the Sunshine society. Members enjoyed a gift exchange and a program of songs and readings following the dinner at noon.

Gifts were exchanged by their Sunshine sisters. Guests included Mrs. Lester Boyle of Beloit, Mrs. Raymond Willis of North Georgetown and Mrs. Leslie Hoopes of near Salem.

Mrs. Oliver Greenamyre and Mrs. Carrie Greenamyre will entertain the group at their home on the Georgetown rd. Jan. 15.

Ellsworth Road Club At Richards Home

A covered dinner and gift exchange followed by election of officers featured the meeting of the Ellsworth Road club yesterday afternoon at the home of Mrs. L. S. Richards on the Ellsworth rd.

Officers are: President, Mrs. Henry Hollabaugh; secretary-treasurer, Mrs. John Vincent.

Guests were Mrs. John Walters and Mrs. Howard Smith.

The Jan. 14 meeting will be held at the home of Mrs. Howard Minor on the Ellsworth rd.

Vernal Grove Homemakers Are Entertained

Vernal Grove Homemakers club met Wednesday afternoon with Mrs. Stella Barchy on the Woodsdale rd., with 16 members present.

A Christmas gift exchange was an interesting feature. Readings were given by the members and names of new "capsule friends" were drawn for next year.

The January meeting will be held at the home of Mrs. N. O. Bauden on the Newgarden rd.

Here and There About Town

In Warren Radio Play
Friends here are planning to tune in a Christmas program over Warren radio station WRRN at 4:30 p. m. Monday to hear the presentation of the play "Why the Grump Rang", in which Richard Strader, formerly of Salem, will appear. Students of the Warren Harding High school in Warren will give the Christmas play. Richard, who has the part of the small brother is the son of Mr. and Mrs. Paul Strader of Warren, former Salem residents.

Golf Instructions
C. S. Chisholm, who has opened a sporting goods store in the room just vacated by the Western Union, announced today that Frank Lewis, Salem Golf club pro, will be at the store each evening and on Saturdays for two weeks to give golf instructions. A driving net has been placed in the rear of the room. Chisholm expects to keep his store and news stand in its present location and to operate the sporting goods store separately.

Kiwanians Hear Rev. Asmus
Rev. Carl Asmus, president of the Kiwanis club, addressed the organization following luncheon at noon yesterday in the Memorial building. Will Tolerton was the program chairman. The club formally ratified action toward purchasing a defense bond, contributing to the Christmas fund at the Fairmont Children's home and the purchase of a health bond.

Washingtonville
Group Has Party

WASHINGTONVILLE, Dec. 19.—The Busy Bee society of the Methodist church held its annual Christmas party on Friday evening with a dinner at the Orchard Hill inn. Later they were entertained in the home of Mrs. Mark Klingensmith when an exchange of gifts was enjoyed. Bingo entertained. Fifteen tables were in play at the card party given by the Pythian Sisters on Tuesday evening. Bridge prizes were won by Mr. and Mrs. Jerry Kindig, "500" prizes by Mrs. Leon Vinton, and Mr. Flickinger of Columbiana; euchre prizes by Mrs. Merle Cutchall and Harvey Baker. The door prize by Russell Smith and the cake to Dallas Moore of Petersburg. Lunch was served. Another party will be held in two weeks. A family gathering was held in the home of Mr. and Mrs. John Sanders, west of town on Sunday, honoring their son Robert, who enlisted and left for the army on Monday. Members of the Methodist Sunday school and church will hold their annual Christmas party at the church on Tuesday evening, at 7:30. A program will be given and a reception for the new pastor, Rev. Snowball and family will be held. Mr. and Mrs. George Atkinson of Steubenville visited with relatives here on Tuesday and attended the funeral of their sister-in-law Mrs. Fred Corl.

CINCINNATI, O.—Nine-year-old William Kenney had the same tooth pulled twice—once from his mouth by himself and the second time from his ear by hospital attendants. In a movie theater recently William got excited about the picture and started to tug at the loose tooth. Out it came. Becoming more frustrated he stuck the tooth in his ear but couldn't remove it.

Rural Church In Come-back Stage

(By United Press)
INDIANAPOLIS, Ind.—An Indianapolis and a Louisville, Ky., minister have teamed up to bring about a come-back for the old country church.

The old, deserted churches which line country highways once were the hubs of community religious and social life. Now they are empty skeletons.

Dr. Alexander E. Sharp of Indianapolis and Dr. Frank H. Caldwell of Louisville have set about to change all this. They have a working plan, already in operation.

Their method began by importing the Rev. C. Morton Hanna from Grundy, Va., a man versed in the problems of the country church and who repeatedly has refused to accept pastorates in large cities.

Rev. Hanna will conduct a seminary in Louisville for young clergymen who intend to conduct rural churches. At the same time, he has taken over 12 abandoned churches near Charlestown, Ind., which he will use as experimental stations for his students.

He expects the "laboratory" churches to indicate what is wrong with the country church today. Then he and his young ministers will try to correct the plight in their seminary.

Dr. Sharp explained that the biggest trouble of the country church is financial. It is unable to compete with the city churches in matters of salary, therefore, the city churches draw the cream of the clergy.

Rev. Hanna expects to investigate this and make arrangements for two churches to combine and share the cost of a minister. Dr. Sharp also said that seminars do not provide the special type of training needed by a country pastor.

This is where Rev. Hanna and the Louisville Presbyterian seminary comes in. He will teach the country church, basing his lessons on his years of rural experience.

Navy Hero's Son He Never Saw

Mrs. Dorothy Lake and children

His father never saw him, but Baby Martin Lake of San Pedro, Cal., some day will hear of the heroic deeds of his daddy, "killed in action in defense of his country" in the Pearl Harbor, Hawaii, attack. Mrs. Lake, who has just received word from the navy that her husband, Warrant Officer John E. Lake, was killed in action, is shown with Martin, only a few weeks old, and her other son, John, 4.

John comes in. He will teach the country church, basing his lessons on his years of rural experience.

What Do You Know About Geography Of The Pacific?

By JACK STINNETT
WASHINGTON—The new theater of war is opening whole pages of geography that the United States has hardly scanned before.

So vast is it that simply outlining its borders strains the imagination. There's nearly 10,000 miles of ocean between San Francisco and Singapore. Its southern limits include New Zealand, which is as far south of the equator as Seattle, Wash., is north of it. Northern limits include the Aleutian Islands and Alaska.

In between are countless islands and the shores of four continents. Strange names and

strange places will come into the news constantly and only those who are informed can understand the significance of events as they develop.

There's hardly a school boy that doesn't know that Manila is the capital of the Philippine Islands, but few persons realize that there are 7,083 of those islands; that 2,441 of them are large enough to have names; that 466 of them are more than a square mile in area.

Only a tiny fraction of Manila's 623,000 people are Americans, but it is probably more American than any other city in the Orient. Only its old carabao carts, its two-wheeled, horse-drawn carromatas, and its mixture of races keep it from looking like any other neon-lighted, billboarded, auto-filled, movie-cluttered city in the United States.

Its defenses form a triangle: With Nichols Field, the great U. S. Army airbase at Manila, in one corner; the big naval stations of Cavite and Olongapo, to the west, forming a second point; and heavily bastioned island of Corregidor at the mouth of Manila Bay holding down the third.

One may be shocked to hear that the Japanese have landed on the Malay peninsula, but it is well to take into consideration that three-

fourths of Malay is steaming trackless jungle and 7,000-foot mountain peaks. Through these jungles and over those peaks the Japanese will have to go before they can get to the rail line that runs north from Singapore and to the great rubber plantations and vast open dredge-mines that supply a third of the world's tin.

When bombs rain on Japan, the names of Tokyo and Yokohama will be in the news, but likely you will find there more often the cities of Kobe and Osaka. These cities, only 20 miles apart, form one of Japan's greatest industrial and shipping centers. Osaka, 20 miles inland, has the great industries.

Kobe, on the Inland Sea, is second only to Yokohama in foreign shipping and probably second to none in shipbuilding. Its vast shipyards line the shores at the head of Osaka bay and down their ways go the cargo ships and ships of war with which Japan expects to wage its war against us. Its population runs close to a million.

Almost any day now, you are likely to hear of Ocean Island and Nauru. These two little pin-pricks in the Pacific (you could walk around either one in a couple of hours) were third only to the United States and French Morocco

in the world production of phosphates when the war broke out. More than 1,250,000 tons of high-quality phosphate rock was shipped from there in 1939.

The little islands are about

halfway from Australia to Hawaii, but only 400 miles from the nearest of the Japanese Marshall Islands. They would be an easy prey to attack from there and most certainly are a prize in Japan's search for raw materials.

All this isn't a drop in the Pacific of what one should know if he is going to follow the war there.

New Process Will Turn Out 'Gas' From Sawdust, Garbage

(By International News Service) SACRAMENTO, Calif.—A Pasadena building contractor, who has never studied chemistry, has made what may prove to be the most important advancement in science—he has produced gasoline from sawdust, garbage and other waste materials.

He is J. W. Dean, who since 1923 has been experimenting with his idea of making gasoline from waste substances. After nearly nine years of intensive work, Dean has perfected and patented the remarkable process.

Government agencies and independent laboratories have tested the fuel and rate it comparable to aviation grade gasoline. The fuel can be produced from old newspapers, spoiled and fresh farm products, nuts and nut shells, waste cotton, and lumber, potash, waste from paper and sugar mills, sawdust, shavings, garbage and from nearly every vegetable matter.

Gasoline From Sugar Cane From 150 tons of sugar cane Jean says he can make nearly 10,000 gallons of gasoline and the

following valuable by-products: 66,160 pounds of carbon dioxide gas which can be converted into dry ice; 2,700 pounds of hydrogen gas which can be converted into synthetic alcohol; and 50 tons of fertilizer. In addition, when the carbon dioxide is converted into dry ice, a second by-product results—ammonia salts. These salts are valuable as fertilizer concentrates.

And if the fuel is converted from garbage, another by-product results, which has been classified by experts as a superior motor oil. Jean and his associates have spent \$165,000 in the last nine years perfecting the processes.

And all came about back in 1932 when Jean, irked by the size of his monthly gasoline bills, set about to find a cheap substitute. He first went to all the libraries to read up on chemistry, then took off his coat, rolled up his sleeves and experimented.

Asks 7,500,000 Army

Brig. Gen. L. Hershey

Director of Selective Service Brig. Gen. Lewis B. Hershey, testifying before the House Military Affairs Committee in Washington said that the U. S. Army wants 7,500,000 men. Hershey stated that the quota would be available if legislation were passed setting the age requirements at 19 to 44 inclusive.

Youth Group To Meet

The regular meeting of the Columbiana County Rural Youth Group has been postponed until Monday night, Dec. 29. The meeting will be held at Guilford grange hall with an interesting program being planned by the program committee.

This meeting has been planned particularly for older members of the group who may have been away from home and who are spending the holiday vacation in the county. In addition to the program, plenty of games and other types of recreation will be furnished.

FRAMLODE, Eng.—A sturgeon was seen apparently stranded by a motorist at the water's edge of the River Severn at Framlode. He towed it to the bank with his car. It is the second largest sturgeon ever landed from fresh waters in Britain. The fish was 9 feet 5 inches in length.

CHEHALIS, Wash.—Veteran taxi driver Lizzie Keller is going to take a vacation after 25 years behind the wheel. Mrs. Keller in that time has driven 90,000 miles and worn out 16 automobiles. She has never had an accident but has been held up and robbed five times.

Japan's Domestic Problem Is Struggle Between Militarists And Missionaries

(By International News Service) BOSTON — A Japanese student, now teaching and studying at Boston university, sees Japan's domestic problem as a struggle between militarists and missionaries.

"Difficulties between militarists and missionaries flared into the open about five years ago. As a result most missionaries have left and Japanese leaders have taken over the missions," said Sang R.

Park, an assistant in philosophy at Boston university's graduate school. Park reported the militarists are now preaching nationalism in the churches and a national victory prayer is recited at every religious service.

"Another innovation," he asserted, "is that Christians are required also to worship the Shinto shrine which is part of the Japanese religious service."

Park, who expects to return to Japan to teach in a missionary college, said Hitler is now being pictured for Japanese children as a hero, and the "ideal man who is fulfilling a mighty mission."

Regarding America, Park said most Japanese are enthusiastic about the American way of life and want no part of any quarrel with this country.

"The fondest hope of all Japanese is to come to America and anyone returning is a hero in Japan." But, he said, strict censorship and supervision of news are blinding many Japanese to world events.

Says Ton Jon Worked In Slow, Harmless, Sure Way; That Benefits Were More Lasting

Gassy Stomach, Acid Risings, Heart Fluttering, Rundown, Wornout Condition, Inability to Sleep, Constipation, Cause Retired Railroad Man Much Suffering.

MR. JEFFERSON FOX

"Anyone that has suffered with gassy stomach, indigestion and constipation as I have can understand why I am praising and endorsing a medicine that has relieved me of this trouble as TON JON did," states Mr. Jefferson Fox, 549 S. Arch st., Apt. 2, Alliance, Ohio. Mr. Fox is a member of the First Christian Church and is a retired railroad man.

"For over a year I have had to use something to relieve me of the gas and acid rising I had after eating but never received satisfactory results from any medicine except TON JON. My heart would flutter terribly because of being crowded by gas. I felt worn out and rundown all the time and when I went to bed I was unable to sleep well. My bowels did not act regularly which forced me to use laxatives most of the time.

"TON JON worked in a slow, harmless, sure way—not relief that lasted only a few hours, but it seemed to regulate the bile and keep my gastric juices flowing so that I got relief that was lasting.

"I can eat so many things now that I dared not eat before. The heart fluttering, apparently caused from crowding gas, has been re-

lieved. I have gained my strength and I don't feel tired and worn out. I am able to sleep soundly now and enjoy a pleasant night's rest; thus when I get up I feel refreshed. I am very happy that TON JON has stopped those sour, acid risings which annoyed me for so long. Anyone suffering as I did will find it well worthwhile to try TON JON."

For full information as to what TON JON can do for you, see the TON JON Health Representative at the Broadway Lease Drug Store, Salem, Ohio.

CHECK MACHINERY.
FARMERS ADVISED

Farmers are being asked by the U. S. department of agriculture to check over all farm machinery for repairs needed and to order those repairs immediately in order that machinery may be available to handle necessary farm work next summer, according to George H. Rogers of Salem, chairman of the Columbiana County U. S. D. A. defense board.

The allocation of steel for making of new farm machinery will permit only 80 percent as many new machines to be made in 1942 as in 1941. This means that much old machinery will have to be repaired that otherwise might have been junked.

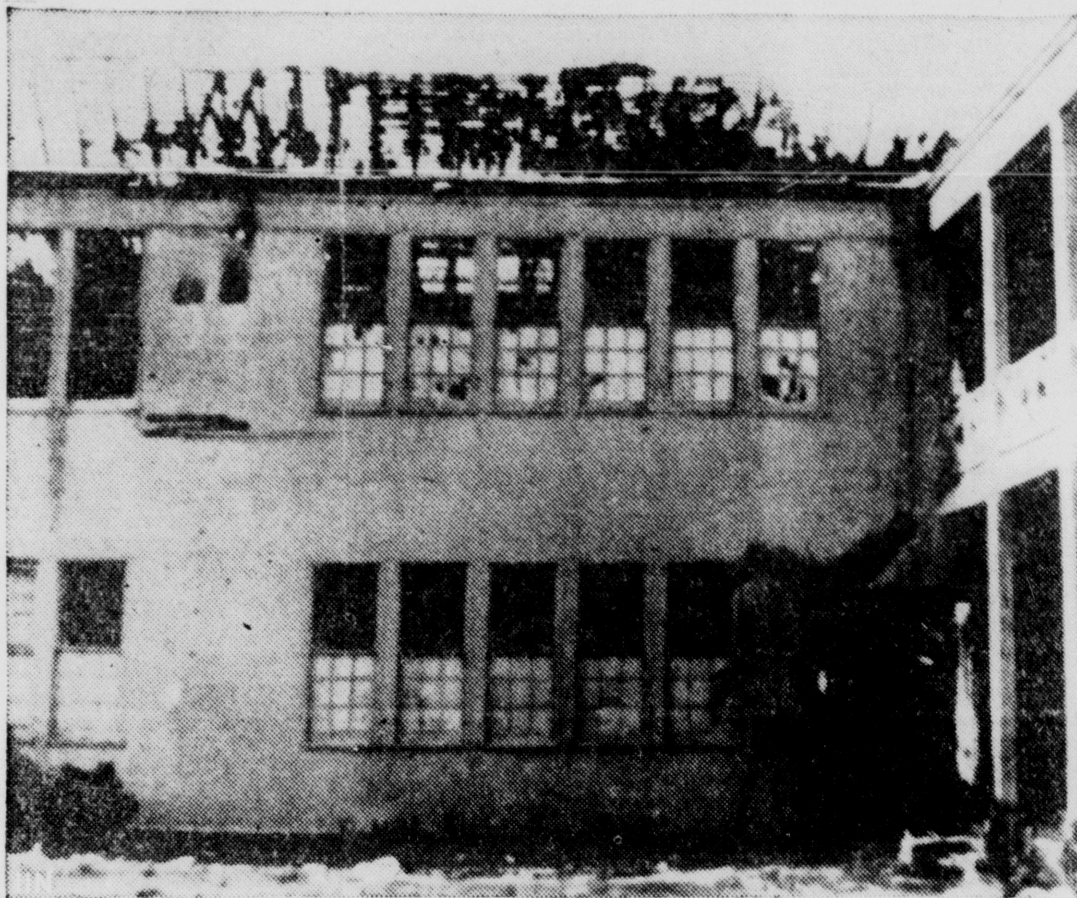

Steel for repairs will be available and the government guarantees that sufficient repairs will be provided if farmers will order their repairs early this winter rather than next summer. There is no question that much difficulty will be experienced in trying to obtain repairs next summer if they are not ordered before they are actually needed.

HAWAII: Officers' Quarters Ruined in Attack

This is what Japanese bombers did to the barracks at Wheeler field, near Honolulu. The building is believed to have housed the officers' headquarters.

If ordering of repair parts is put off until later some farmers will have to go without the repairs ordered and will be inconvenienced in the handling of crops. Manufacturers will be able to obtain sufficient metals to produce necessary parts which are ordered soon. Farmers who experience difficulty in obtaining parts or materials should report to the County U. S. D. A. defense board, providing their orders have been placed within the next few weeks. The sharp reduction in the manufacturing of new farm machinery and equipment for 1942 puts more emphasis on the care and repair of existing machinery than ever before.

BEARDSTOWN, Ill.—Howard Little, Beardstown, set up a new record when hunting in Schuyler county. He saw three rabbits in a line, fired once, and killed all three. Ed Whitted, his companion, verified his story.

This is the end of an ice age. There have been five major ice ages with the polar ice still retreating.

SEA ISLAND, Ga.—Some bishops of the Methodist church who met here recently, visited for the first time the homes where the American pioneers of Methodism, John and Charles Wesley, carried on their work 200 years ago. During their visit, the bishops traveled to nearby Fort Frederica, where they saw the "Wesley Oak," historic spot where John Wesley is believed to have preached to the Indians and early Georgia settlers.

SANTA CLAUS, Ga.—Yes, here's another one! The state of Georgia passed legislation to make it an incorporated city. The only trouble is, there's no post office here. CLEARING HOUSE IS BUSINESS AID

Illinois Small Business Sets
Up Materials De-
fense Pool

(By United Press)
CHICAGO—Illinois small business men are returning in part to business methods of the middle ages to meet problems arising from that most modern of mass industrial efforts—the nation's race to rearm.

Frederick A. Virkus, president of the Illinois Division of the National Small Business Men's association, said his group is taking the lead in promoting a plan designed to help small business which need materials or machinery, but can't get them because of priorities restrictions.

Its operation is simple enough, Virkus explained. If you are a manufacturer hanging on to some materials or machinery which you don't need and upon which you would like to realize a profit, contact the materials clearinghouse committee—and if it can't find a cash buyer, it may turn up another manufacturer with something to swap.

Hope To Expand
The materials clearing house, which the Illinois is pioneering in the hopes it may spread to the other 42 states in which the NEFMA is established, combines the features of an old farm bazaar market with modern mail order cataloging.

"We want to stir the others up," Virkus said.

It will be operated by a committee of experienced business and supply men, Virkus said, and will try to locate materials and tools which are scarce on the open market, and which the owners are willing to sell or trade at a reasonable price. Members of the committee will do no negotiating, but merely act to bring the prospective buyer and seller together.

Virkus said the plan is particularly designed to aid the business man who has no defense contracts or subcontracts and cannot expect to obtain any. He estimates 68 per cent of all small businesses fall into this category.

"I think it will take hold," he said. "For example, the first day after it was announced, one fellow called us to say he had 7,000 panes of window glass 'that someone might need.'"

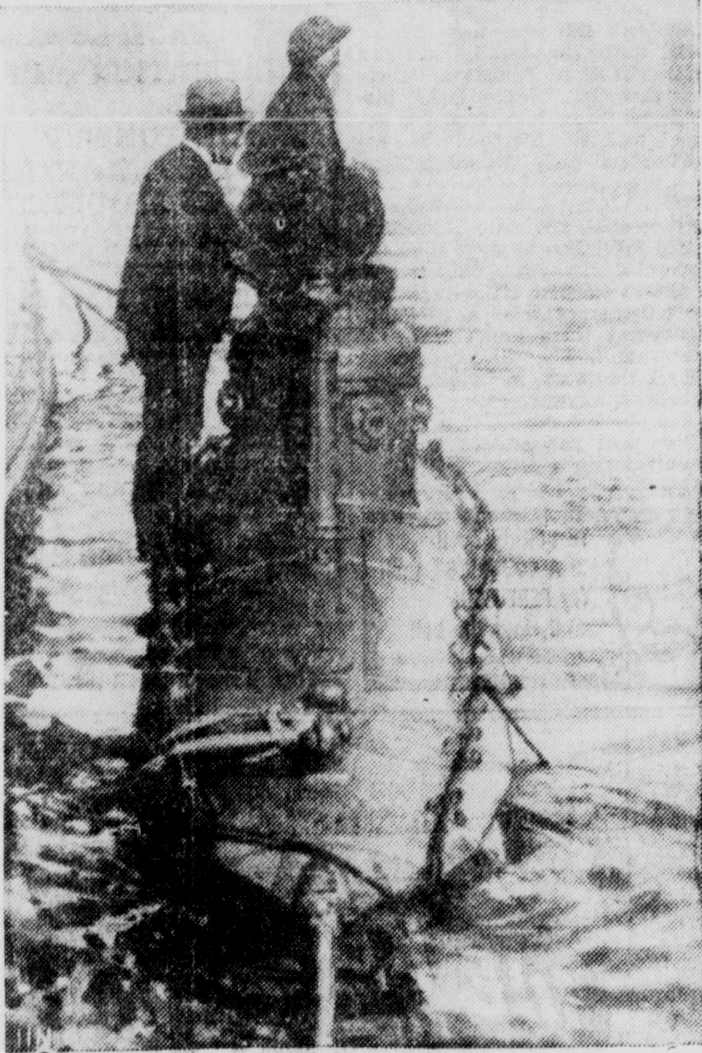

"Another fellow called up to say he had about 2,000 sheets of steel which he couldn't use. That might be the salvation of some business which has had troubles getting materials."

Face Material Shortage
Many small industries never may be able to participate in rearmament activities, Virkus said, because their machines are not sufficiently precise, and they have difficulty in buying replacements now. But more immediately, they face shortages of materials which may result to shutdowns.

"We believe this clearing house will result in the sale or exchange of a great deal of scrap or discarded material and tide at least some of the small industries over for the time being," he said.

Great quantities of useful miscellaneous materials, tools, ma-

chines and needful supplies are lying idle and are partly forgotten, Virkus said, and the materials clearing house committee has been appointed to discover the hidden stocks and see they are applied "to needs which may not otherwise be met."

Two Americas Are Looking For Unity On Wider Base

NEW YORK — Momentous decisions affecting the relations of the Western Hemisphere republics and their military and economic security are expected to result from the third conference of foreign ministers which has been summoned to meet in Rio de Janeiro early in January.

Manifestations of continental solidarity resulted from Japan's aggression upon the United States, inspiring the labors to erect a political and spiritual structure of hemispheric cooperation and interdependence, undertaken through the development of the good-neighbor policy and at the Lima, Panama and Havana conferences.

The reaction of the Latin American republics to the war between the United States and Japan was swift and spontaneous. Within three days after the Japanese bombed Hawaii, nine Latin American republics declared war on Japan, two broke off diplomatic relations and declared their solidarity with the United States, and several Japanese funds.

Act Without Hesitation
It will be remembered that this action was taken at a time when military news was dark for the United States, when initial Japanese successes were announced and before any indication was furnished that the United States forces were striking back at the Far Eastern aggressor.

The entrance of Germany and Italy into the war against the United States, occurring the day following the call of Secretary of State Cordell Hull for the Rio de Janeiro conference, adds to the importance of the meeting.

The present status of relations between the United States and the other American republics can be traced by the following steps:

1—President Roosevelt, in his 33rd inaugural address gave voice for the first time to the "good-neighbor policy" as a guide for inter-American relations.

2—Secretary Hull, with the use of homely, disarming diplomacy, established the beginning of a confidence in the new policy among the Latin American leaders when he headed the American delegation to the Pan-American conference at Montevideo, Uruguay, in 1933.

3—The United States withdrew marines from Haiti, refused to intervene in the Cuban revolutions of 1927-28 and abrogated the Platt Amendment.

4—President Roosevelt went to Buenos Aires, which was called by President Agustin P. Justo, of Argentina, to cement amity and draw up pacts aimed at the avoidance

of wars among countries of the hemisphere.

Hull Did Spade Work

5—Secretary Hull, at the 1938 Pan-American Conference at Lima, largely was instrumental in the accomplishments of the conference in drawing up inter-American non-aggression pacts and in laying the groundwork for accords subsequently adopted at the conferences of foreign ministers at Panama and Havana.

6—The Panama foreign ministers conference forged the early bonds of practical inter-American solidarity, gave early recognition to common Western Hemisphere interests affected by the war and established machinery for future consultative conferences.

7—The Havana conference of foreign ministers resulted in the adoption of an accord recognizing that aggression against an American nation by a non-American nation constituted aggression against all American countries. It also adopted a formula to prevent transfer of American nation to another non-American nation. The first move made under that accord was the dispatch of United States troops to Dutch Guiana and the reinforcement of Brazilian military forces on the Dutch Guiana border.

COLUMBIANA CLASS HOLDS YULE PARTY

COLUMBIANA, Dec. 19. — The Presbyterian Comrades of the Way held a Christmas party at the church Thursday evening with Esther Cunningham and Ann Moore in charge of arrangements. Games and contests were enjoyed, after which lunch was served. The regular meeting will be held at 8:30 p. m. Sunday at which time Rev. J. K. McDuff will be the speaker.

Robert duBiel, a student at Carnegie Tech, is enjoying the holiday vacation with his parents, Mr. and Mrs. Andrew duBiel.

A coverish supper and Christmas party of the Faith, Hope and Charity class of the Grace Reformed church was held at the church Thursday evening. Carols were sung and a gift exchange was enjoyed.

The Philo class of the Methodist church held its Christmas and contest party at the church last night.

A gift exchange was a feature of the program. Hostesses were Mrs. Paul Wood, Mrs. Stanley Vaughn, Mrs. Harry McBride and Mrs. A. J. Ellis.

The Senior Girl Reserves held a noon meeting in the Home Economics Wednesday. The room was decorated in the season's colors.

HAWAII: U. S. Army Plane Hit by Jap Bombers

Another picture of the Hawaiian attack by Japan. The plane is a U. S. army P-40 pursuit ship which was machine-gunned on the ground by the Japs. The plane never got off the ground to strike back.

The president, LaNorma Zimmerman, presided. Carol singing was led by Gladys Peppel. The group brought toys for the Red Cross.

Will Pay for Slaying

COLUMBUS, Dec. 19.—Thomas Williams, 36, of Detroit, will die in the Ohio state penitentiary tonight for the slaying last Aug. 1 of Herman Kander and Samuel Aronovitz

in Toledo. Testimony introduced at Williams' trial accused the defendant of shooting the pair when they refused to drive him to Detroit following a Toledo robbery. Gov. John W. Bricker has refused to grant a stay of execution.

BLITHE SPIRIT ENTERS FASHIONS FOR SOUTH

Left, cotton wraparound skirt, linen blouse; center, spun rayon daytime dress; right, China pink silk sports dress.

A blithe spirit has entered fashions now that collections of southern sportswear are being shown. They are contrasts to the tailored dresses and suits of former days, but are easy, comfortable, wearable and washable. Dinah Shore, left, radio singer, models a cotton wraparound skirt that makes a petticoat unnecessary, with an orange-colored linen blouse. The skirt is in striped chambray in yellow, orange, blue and white. The hat is a yellow leghorn. Center is a spun rayon daytime dress. The dirndl silhouette is topped by a black fitted bodice, and the wide gathered skirt is hand-painted boldly with a cyclamen and black ribbon design on a white background. Right is shown a dress in a new shade, China pink, which has an Oriental overtone. The dress is made of pure silk shantung with a white yolk and a wide band around the edge of the wraparound skirt.

Friends To Meet Again On Jan. 19

DAMASCUS, Dec. 19.—The Ministerial association of the Damascus Quarterly meeting of Friends will be entertained Jan. 19, by Rev. and Mrs. Andrew Starbuck of Salem.

Rise Stevens and Nelson Eddy form an incomparable pair in the screen version of the great musical comedy, "The Chocolate Soldier."

The gay story of a musical comedy star who tries to test his wife's love by posing as a suitor, based on the Ferenc Molnar stage success, "The Guardsman", comes to the screen as "The Chocolate Soldier" with Nelson Eddy, as the doubting husband and Rise Stevens as his flirtatious wife.

In addition to the Oscar Straus numbers "My Hero", "Sympathy", "Seek the Spy", "Gypsy Cafe" and "Finale", the two stars are heard in "Evening Star" (Wagner), "While My Lady Sleeps", "Song of the Flea", "The Trout" and "Mon Coeur S'ouvre A Toi" from "Carmen".

Rise Stevens, one of the youngest and most versatile Metropolitan stars, is a native New Yorker and makes her film debut in the musical comedy which was one of Broadway's brightest hits. Nigel Bruce and Florence Bates have supporting roles.

Laid in an imaginary kingdom in Europe, the plot casts Eddy and Miss Stevens as a married couple who are the reigning musical comedy stars of their day. Jealous of his wife's constant flirtations, the husband poses as a Russian singer, makes violent love to her and then can't understand whether she is in love with him as the Russian or as himself.

At the Grand tonight and Saturday are: "Sing, Dance, Plenty Hot", a comedy romance with Johnny Downs, Ruth Terry, Barbara Allen (Vera Vague) and Billy Gilbert; and a western action story, "Riders of the Badlands".

War-Shy Civil Servants In Britain Soon To Join Army

By WILLIAM CRISP
International News Service Correspondent

LONDON—Britain's Civil Service is no longer to be a haven for war-shy men.

Ten thousand Civil Servants who up to the present have been reserved, or had deferment secured for them were to be released to the Forces after Dec. 15.

They will comprise men in administrative and executive jobs, whose age of reservation is to be raised from 25 to 30; clerical workers whose age is being raised from 30 to 35, and Civil Servants for whom deferment was secured.

They are to be replaced by older men and women, and an appeal is to be made to former Civil Servants who left their jobs to get married to return to government departments.

While these 10,000 Civil Servants are to be released from the reserved schedule, hundreds of laborers in heavy jobs which are unsuited to women are to be reserved for the first time, mostly at the age of 35.

Labor in such industries as saw-mills, shipyards, boiler shops, scrap metal yards, coal, gas, and coke plants, and slaughterhouse, is getting scant. In most of these trades it has been found that the work of the skilled men has been handicapped through a shortage of laborers.

Men working on products such as paint, cellulose, and varnish, which are in short supply, are also to be kept on the reserved list.

Scribes List Highlights Of American League Baseball Season

"DIMAG" WINS RBI CROWN IN JUNIOR LOOP; HEATH NEXT

Fox's Whiffs 102 Times To Lead League; 2 Marks Equalled

CHICAGO, Dec. 19.—Joe DiMaggio of the New York Yankees wound up as the American league's runs batted in king for 1941, but most of the record performing was contributed by that 34 year old campaigner, Jimmy Fox, himself a three-time winner of the crown.

Official league averages showed today that Fox, Boston Red Sox first baseman, participated in three record performances. His total of 105 runs batted in, although 20 below DiMaggio's total, marked the 13th successive year that he has topped the 100 figure. This tied the major league record established by the late Lou Gehrig and also the mark for the most years with 100 or more runs batted in, held jointly by Gehrig and Babe Ruth.

A record he had to himself was that of being top strike out victim the most years. He whiffed 102 times in 1941, the seventh time he has led the league.

Two Records Equalled
Two other records were equalled. Pete Suder and Frank Hayes of Philadelphia each hit into 23 double plays. At the other extreme were George Case of Washington and Jeff Heath of Cleveland, each of whom hit into only five during the season.

It was Heath too, who finished just behind DiMaggio in the runs batted in race. He got 122. But where DiMaggio drove in his 125 total in 139 games to replace Detroit's Hank Greenberg, the 1940 winner, Heath had his chance in 151 games.

DiMaggio and Heath topped a field of 10 players who clubbed in 100 or more runs. The others were Charlie Keller, New York, 122 in 140 games; Ted Williams, Boston, 120 in 143; Rudy York, Detroit, 111 in 155; Bob Johnson, Philadelphia, 107 in 149; Sam Chapman, Philadelphia, 106 in 143; Fox, 105 in 135; and Jim Tabor, Boston, and Cecil Travis, Washington, 101 each in 126 and 152 games respectively.

While pitchers issued 245 more bases on balls this year than last, the list of hit batsmen was down three at 148. Williams got the most walks, 145, while Don DiMaggio of Boston was hit the most often, 7. Until 1941, Frank Crosetti of New York for five straight years had led the league in being hit most often.

ANGOTT-JENKINS TC MEET TONIGHT

NEW YORK, Dec. 29.—Two world lightweight champions will be merged into one at Madison Square Garden tonight as a result of the current collaboration between Abe Greene, the National Boxing Association president, and the New York state athletic commission, with Promoter Mike Jacobs acting as intermediary.

Sammy Angott of Washington, Pa., the N. B. A. champion, and Lew Jenkins of Sweetwater, Tex., recognized ruler in New York, will battle it out over the 15-round route in the third such two-title affair staged in recent months. A crowd of about 10,000 is expected to pay about \$25,000 to watch them. Earlier this year Gus Lesnevich took over the unanimous light-heavyweight title and Tony Zale gained the middleweight crown.

Heads Libyan Drive

Maj. Gen. Neil M. Ritchie
In command of the new Libyan offensive proceeding in the Cyrenaican Desert is Maj. Gen. Neil M. Ritchie, 44, who succeeded Gen. Sir Alan Cunningham. Gen. Ritchie's Imperial troops are reported smashing hard at the Nazi positions in a great North African drive.

BOWLING RESULTS

The Crescent Srs. remained in first place in the Commercial league by a narrow margin as they copped a pair from Kelly's at the Grate alleys last night. Zimmerman's lost a fine chance to pick up a game on the league-leaders as they took two from Smith's leaving them two games behind the Machines. The Machines were paced to their two-game win by Campbell and Arnold, who rolled a 225 and 215 respectively.

Scott's also lost a fine chance to gain on the leaders as they were shut out by the Jaycees, who suddenly got red-hot. Jimmy Campbell led the assault with a splendid 244 in the first game. The Jaycees passed the 900 mark twice in their series.

In other games the Amateur Pros tripped Shasteen's three times, the Recreation copped two from the Crescent Srs., and Ohio Bell took the same number from the Trades Class.

The Machinists continued their pace in the Electric Furnace league as they made firm their No. 1 position in the race by taking a three game defeat on the Structuralists at the Masonic alleys last night.

The Draftsmen, second place team, nearly slipped from their perch as they absorbed a two game loss at the hands of the Shippers.

In other games the Purchasers took two from the Office, the Electricals copped the same number from the Transformers, and Night Shift "A" also took Night Shift "B" the same number.

Sutherland rolled 228 and R. Youngling hit 221 in last night's matches. The former rolls with Night Shift "A" and the latter with the pace-setting Machinists.

GRAY LEADS FAST AKRON G. A. FIVE TO WIN OVER ALTHOUSE

Former Akron South Star Scores 16; At Carlos Paces Locals

Unable to whittle down the Akron German-American club's early lead, the Althouse Motors dropped a 59-42 decision to their foes on the Akron last night. The German-American club five is the same team which represented the Akron M. O'Neil store last season.

Strengthened by the addition of Wyndol Gray, the G. A. club is looking forward to a better season than last year's. The former Akron South star had close to a 22 point-a-game average and moving into the semi-pro ranks has not cut that mark.

He paced the G. A.'s to victory as his supreme faking and general all around play accounted for 16 points. His teammate, Lucas, with 14 took runner-up honors in individual play.

The G. A. club got off to a good start, grabbing a 16-7 first period lead. They retained this lead in the second quarter and were ahead at the half-time, 29-22.

The two teams remained on fairly even terms in the third period with the home leading by a count of 42 to 31. In the last quarter the boys really turned on the heat and outscored the Motors 17-11 to win the game easily.

At Carlos turned in the best game for the Salemites as he dropped in four fielders and a trio of free shots for an 11-point total for the evening.

The two teams are scheduled to meet in a return game January 14. On that date Wyndol Gray, leading high school scorer in Ohio last season, and the G. A. team will make its first appearance of the season on the Memorial building court.

Suit Is Dismissed

CATLETTSBURG, Ky., Dec. 19.—Federal Judge Mac Swinford dismissed an eight-year-old suit of the Kyvoga Land Co. of New York against the Hope Engineering Co. of Mount Vernon, O., for \$300,000 and interest on an oil and gas lease made in 1930 to the Hope Oil and Gas Co. Hope owns controlling stock in the Howe company which ceased operations in 1932. The court decided there was no evidence that the Hope company intended to defraud.

Traffic Injuries Fatal

STUBENVILLE, Dec. 19.—Traffic injuries suffered Dec. 11 were fatal to Mrs. Antonio Shulsky, 51, of Bergholz, Jefferson county.

You say "old as the hills" and "changeable as the weather". Actually the hills are young in geologic age; the weather constant.

SPORT CHATTER

By HUGH FULLERTON, JR.
NEW YORK, Dec. 19.—Get ready for an announcement almost any day that Lem Franklin and Bob Pastor will tangle in Cleveland in mid-January.

It took Van Mungo, who can get a rise out of most customers, to make a St. Paul writer come to the defense of Minneapolis. Gordon Gilmore, St. Paul sports ed, was the first to voice resentment of Van's cracks about Minneapolis weather.

The company that is sponsoring all the other big bowl broadcasts offered \$40,000 for the right to air the Rose Bowl but found the price was just double that. They are feeling pretty good about it now.

Jacobs Beechcombs
Louis-Baer fights go on sale Monday and Mike Jacobs has notified all sports writers there'll be absolutely no comps. Most difficult problem about tonight's Jenkins-Angott brawl is Jenkins. Drumbeater Harry Markson says that's because Lew is ready for a Jenkins do-or-die battle.

Angott has lost only one fight a year since 1937 and he's already had his licking for this year.

Travelin' Tom
Tom Lieb, Florida coach reports: "With scouting California and the Southeastern conference meeting in Lexington this past week I have out of six nights, spent three in the air, two on the train and a half hour at home."

Cleaning The Cuff
Local sports writers expect the Yankees to use Buddy Hassett as bait in a trade for another first sacker (maybe George McQuinn of the Browns) because there's no telling about Johnny Sturm's draft status. Solemn Bernie Eisman stopped the show at the Minnesota grid dinner when he announced that he didn't need any introduction to the players' girl friends because "they undoubtedly have told you what kind of a guy I am."

Neither Note
Larry MacPhail's Christmas card to sports scribes is a booklet on "How to Roast a Turkey." It has been received by several guys who know all about how to roast a turkey.

MOUNT UNION TOPS OHIO U.; PENGUINS LOSE TO W-J, 44-32

Joachim Scores 25 In Mt.'s 58-40 Triumph; Cincy Beats Marietta

(By Associated Press)
Ohio Northern 53 Heidelberg 38. Cincinnati 55 Marietta 44. Mount Union 58 Ohio U. 40. Washington & Jefferson 44. Youngstown 32. DeSales 55, Defiance 43. Ball State (Ind.) 47. Ohio Wesleyan 43. Appalachian State (Boone, N. C.) 58. Rice Grande 49.

Ohio University's Bobcats, after a three-year reign among the class-first basketball squads in the nation, have been tamed by the Purple Raiders of little Mount Union College.

The Raiders beat the Bobcats, 58-40, last night at Alliance with Charles (Pappy) Joachim, flashy Mount forward, clicking off 25 points.

Ohio U. kept the score close during the first half, tying the game up three times, but Mount Union dominated the second period.

The loss eliminated the Bobcats from the state's list of unbeaten colleges.

O. N. U. Beats Princes
Ohio Northern won its second straight Ohio Conference contest, beating Heidelberg's Student Princes, 43 to 38, and remaining unbeaten for the season.

After a shaky start, the University of Cincinnati hit its stride to crush Marietta College, 55 to 44, at Marietta.

Washington & Jefferson's classy quintet from Washington, Pa., inflicted the first home defeat of the season on Youngstown College, 44 to 32. DeSales College of Toledo triumphed easily over Defiance College, 56 to 43, with guard Spot Masterson scoring 16 points.

Two Ohio squads suffered defeats out of the state. Ohio Wesleyan was beaten, 47 to 43, by Appalachian State College in Boone, N. C.

Tonight's schedule: Kent State at Baldwin Wallace, Case at Oberlin, Ohio U. at Akron, Ohio Wesleyan at Wabash, South Carolina at Xavier.

SOOSE DEFEATS JIMMY REEVES

CLEVELAND, Dec. 19.—The retired middleweight champion, Billy Soose, marked up his first appearance in the light heavyweight ranks today as an easy win over Jimmy Reeves of Cleveland.

Showing that he may soon be a full-fledged heavy, the Farrell, Pa. boxer fought at 174 and had a six-pound pull over his opponent.

Reeves made a lively start to take the first round, but the second was even and from there on it was all Soose.

What gave the 7.778 customers a bigger kick, however, was the high-powered punching ability which Jackie Wilson, 142, the long larruping puncher from Los Angeles, displayed in a quick victory over Mike Kaplan, 145, of Boston, who has won from such fighters as Fritz Zivic and Red Cochrane.

It was a right to the jaw which ended Kaplan's activities at 52 seconds of the third round. The result was a technical knockout, as one of his handlers jumped into the ring, but the technicality did not matter much.

In the preliminaries, all scheduled for five rounds, Toughy Jones, 160, Cincinnati, got a third-round technical knockout of Jack Stauffer, 162, Steubenville, and decisions were won by Jimmy Grimm, 148, Louisville, Ky., over Mike Lucas, 146, Pittsburgh; Garvey (Lefty) Young, 144, Boston, over Victor Truse, 144, New York, and Harvey Dubs, 142 1/2, Windsor, Ont., over Billy Murray, 139, Bellaire.

Emerald Embassy by FRANCIS GERARD

SYNOPSIS

While strolling along the countryside, Ambrose Pennyfeather, a respected citizen of Weyland, England, is shot to death by a man who spoke with a French accent. In the nearby residence of Lord George Lancaster, he and his brother, Yves Blaydes-Steele, discuss the murder of their friend, who "never had an enemy in the world." Then talk turns to the mission Yves is to perform for his brother the next day. In the year 1835, the then Earl of Lancaster deposed the tyrannical Dwan of the Island of Sulungu, and seated the latter's cousin, Prince Thalan, on the throne. For this, Queen Victoria honored Lancaster with the mission of presenting a precious emerald to the new sultan each year. The Dwan conferred upon Lord Lancaster the "honour of the Emerald," and from that time on the Blaydes-Steele family became a link between the Imperial House of England and the ruling monarch of Sulungu. There were now 101 jewels in the necklace. In recent years, the Dwan had come to England to have the new emerald added to the chain. This Yves was to do the next day. There was a prophecy that "he who wore the necklace were also the diadem." The priceless string now assumed international importance since Sulungu loomed as a strategically located submarine base and Japan was nearby. Besides, oil had been discovered there. The little island, therefore, was of inestimable value to Great Britain. The Weyland police are unable to solve the Pennyfeather murder, so Yves enlists the aid of Sir John Meredith, former Superintendent of Scotland Yard, when the latter accompanies him to Paddock Wood, the residence of Bona Thalan, Dwan of Sulungu, to get the necklace. The sultan greets them coldly, suspicion in his eyes. He questions Yves about his brother.

CHAPTER SIX

The sultan turned to a round table at his side on which lay a green leather case. It was flat and nearly three feet long by about 12 inches wide. He snapped open the clasps and threw back the lid. Inside lay the Sulungu necklace.

In his time at Scotland Yard, Meredith had seen much jewelry and, though he was no expert he knew enough about gems to anticipate a thrill in seeing this world famous necklace. Yet, strangely enough, his first sight of the Sulungu emeralds came as a surprise—a disappointing one. Somehow, he had expected it to be something really outside the ordinary run of fine necklaces. He had thought it would blaze with an effluence not quite of this earth. Instead, he saw what looked like a fine collection of green stones, numbering a hundred and one in all. That was all.

"Magnificent!" Meredith exclaimed dutifully.

"Oh, absolutely, what!" agreed Yves.

The young Dwan closed the two flaps of the lid and snapped the clasps down. He picked up the long, green case and held it out to Yves.

"Oh, thank you, sir," stammered Blaydes-Steele. "Your Highness may rest assured that Sir John and I will take every care of it."

For the first time since the beginning of the interview, Bona Thalan permitted himself a smile. "I feel sure that you and Sir John will take every care of it," he nodded.

Three minutes later, Yves and Sir John were in the car, swinging onto the road beyond the drive gates. The necklace, in its case, reposed beneath Meredith's legs. "Well, that's that," the latter observed rather blankly.

Yves glanced at him momentarily, his face rueful. "I thought we might at least have got some cakes and ale. Awful flat, wasn't it, John? In fact, I call it positively insulting!"

"Not bristling with friendliness, I agree," nodded John.

"According to George, he's all—"

"Gentlemen—they are just imitations!" exclaimed Monsieur Monchet.

ways stuck the red carpet out up to now and this time not so much as a glass of blackberry wine."

There was a short silence broken by Meredith when he said quietly, "He didn't like you, Yves."

"You mean that seriously?" John.

"Quite seriously. I was watching his eyes. He looked at you as if he thought you were bogus."

"Bogus, my arm!" scoffed Yves.

In all the civilized world, Monchet is a name to conjure with. Monchet is not only a jeweller he is the jeweller.

Kings and emperors have dealt with this famous firm as the coats-of-arms displayed above their discreet windows insist. It was outside the main entrance of this famous London shop that Yves brought his car to a stop.

"Do you know this joint?" he asked irreverently.

Meredith nodded. "Yes," he said. "I occasionally buy Juanita something microscope here which puts me behind with my income tax payments."

The two men walked into the showroom and were escorted to the Yellow Room.

A junior salesman hastily summoned M. Durand, head salesman, who bowed and said, "Good afternoon, gentlemen. Monsieur Jean will be down at once."

He then bowed again and closed the double doors on them so that they were quite private. Soon M. Jean Monchet himself appeared with a cherry. "Ah, Mr. Blaydes-Steele, you have the necklace?"

"Here it is," said Yves, presenting the long green case. "John, may I introduce Monsieur Monchet? Monsieur Monchet—Sir John Meredith."

The introductions made, Yves went on, "I suppose you have ready the emerald to make the necessary addition to this necklace?"

The jeweller smiled. "We have a scale photograph of this necklace, he said gesturing towards the table, "but it is not possible to memorize the quality of the stones exactly. Therefore, I have no less than seven stones which might possibly match the remainder of the sultan's."

Yves glanced at him momentarily, his face rueful. "I thought we might at least have got some cakes and ale. Awful flat, wasn't it, John? In fact, I call it positively insulting!"

"Not bristling with friendliness, I agree," nodded John.

"According to George, he's all—"

brow furrowed and said very quietly, "May I take it from its case?"

Of course," said Blaydes-Steele. "Is anything the matter?"

M. Monchet picked up the necklace and walked over to the light streaming from a snow-case. He looked up at it and frowned again. He stared across the room as though he had encountered something which he could not understand.

"Is anything the matter, Monsieur Monchet?" asked Sir John quickly.

The jeweller shrugged and spread out his hands, the green stones twinkling dully as they swung from his fingers. "Gentlemen," he said, "I do not understand. Are you playing a trick on me?"

Meredith felt suddenly breathless for he knew what Monchet was going to tell them, but Yves frowned and said, "Trick? What d'you mean?"

"But, Mr. Blaydes-Steele, this is not the Sulungu Necklace."

"What!" breathed Yves.

Once more M. Monchet shrugged and shook his head. "I do not understand it, but this," he gestured with the necklace toward them, "is no.... Well, it is a fine copy, if you like, but it is imitation."

"You mean these green stones are not emeralds?" said John Meredith.

"No.... gentlemen.... they are just imitations!"
